ENSURE A DIVERSE BUSINESS CLIMATE

TRIANGLE DIVERSITY EQUITY & INCLUSIVITY ALLIANCE

The Triangle Diversity, Equity, and Inclusivity Alliance is a coalition of business leaders in the Triangle region who are leading the effort to make the Triangle the most diverse, equitable, and inclusive business environment in the country. The Triangle Diversity, Equity, and Inclusivity Alliance promotes best practices, convenes strategic partners, and advances innovative DEI solutions in the workforce, workplace, and marketplace. The efforts of the Alliance are powered by the Greater Raleigh Chamber.

Our Programs Include:

Diversity, Equity & Inclusivity Conference

Annual convening of the regional business community to inspire change and learn effective best practices in diversity, equity, and inclusivity. This conference provides tools to support the DEI journey in your organization, your personal practices, and the greater community. With a series of panels, breakout sessions led by experts, and opportunities to learn, build, and connect with a DEI lens - attendees engage with content on how to create, promote, and sustain DEI in the workplace.

Inclusive Workforce Strategies Series

Expert insights on social issues, thought provoking data, and other challenges presented by experts through a diversity, equity, and inclusion lens. This facilitated seminar series is for participants to learn history, share experiences, and develop pathways of understanding to support diversity, equity, and inclusivity initiatives in the Triangle workforce.

DEI Roundtables

Quarterly roundtables of diversity, equity, and inclusivity professionals to create a shared learning space and share best practices from the regional business community. Each roundtable is led by a diversity, equity, and inclusion consultant.

The Blueprint to Dismantle Systemic Racism

An initiative that uses qualitative and quantitative data to unite the business community around a common goal - to dismantle systemic racism in Wake County. Through a series of community meetings, we have engaged citizens and topical experts in open and honest discussions about health equity, education equity, economic mobility, and criminal justice.

Join Today!

Schedule a meeting with one of our Relationship Managers and attend your first event to meet other business leaders just like you. Email **sales@raleighchamber.org**.
